

Happening Now:

- > Lila Duncombe planning to create an art installation in the sanctuary this month. Assume an exhibition and program/conversation to follow.
- > Kathleen & Jackie at work creating a RFS website
- > Beverly, Julie and Tony are planning a showing of "A Place at the Table" along with Richard Kane's film on our local food pantry. Julie has recommended a ten minute video regarding income disparity to get at the causes of poverty/hunger.
- > Gerry is working with Julie and Dick planning a shared inquiry into flourishing with 2 meetings, perhaps in August, with the possibility of continuing the sessions.
- > Gary is meeting July 23 with Chris Farrow-Noble to discuss scheduling a program on the experience Chris had this spring on Iona.

In the Works:

- > Rob Shetterly is back from Amman, Jordan where he attended a conference on peace in the Mid-East and is ready to discuss scheduling a program
- > Pat Wheeler has detailed a proposed leadership model for our working group ~ patterned after the leadership model of the Women's Circle. Hope is to adopt this at the July 30 meeting to facilitate our ongoing work.
- > Becky Poole has emailed to say that she has taken a second teaching position and will not have time for a program on improvisational theater this fall. Gary will solicit input from Judith Jerome about the theater program we tried to schedule during Lent. We will hear reports from Jackie on what the Shaker play would require, and from Gary on a staged reading of the "Trial of Anne Hutchinson."

Ideas from Tony:

- > Adopt the term "team" rather than committee or group. Team connotes a working together toward a common purpose. The term "Friends of ..." may also work.
- > And Tony wonders, Kathleen and Jackie, if now or later you may see the need for a 4th Media (Internet) Team?
